6. Government Proceedings No. 3820-70—Med. 231-13-4, dated the 26th November 1915, prescribing Rules for the levy of fees from patients resorting to public Hospitals and Dispensaries in the Cities of Bangalore and Mysore.

Resolution.—The Municipal Council respectfully begs leave to protest against the introduction of the new system of levying fees on persons seeking treatment in the Hospitals and Dispensaries of the City. It is believed that at the time of opening of the Victoria Hospital, a pronouncement was made dedicating the institution for the free relief of the sick and the suffering. The Council does not consider that European methods of treatment are yet so well established that there will not be considerable falling-off in the attendance at these

institutions with the resulting increase in sickness and death-rate of the City. Considering that the measure is one involving vexation and hardship to a large section of the community, while its financial success is open to doubt, the Municipal Council solicits a reconsideration and withdrawal of the above order.
